Donations to the raffle and refreshment table are always welcome!

There will be a short board meeting before this meeting at 5:30

Kofu Kai's First (Possibly Annual) Post-show Member's Workshop

Bring a tree to work on and help welcome visitors and new members - please r.s.v.p. so we know how many tables to set up.

The two landscapes created at the show will be part of the raffle at this meeting!

The undisputed sensation of the Bowers show, Tak Nakamura's black pomegranate.

Quite a few visitors to the show expressed interest in coming to the next meeting. This often happens, though not to such an extent, but usually only a small number of the people who express interest come to a club meeting and even fewer actually join the club and fewer still actively pursue bonsai.

In order to make contact with more interested people and to help them find their way we handed out flyers at the show inviting folks to our September meeting where they can watch people work on their trees and ask questions and possibly even find a teacher or mentor they can check in with on their bonsai journey.

Many said they were definitely coming but who knows?

It would be good to have at least 10 members bring trees to work on. If you can't bring a tree you can help talk to people. At the very least you can help us celebrate a very successful show at the Bowers!

Why text? Cause I'm an old lady and may forget if you just call and tell me something, that's why.

Dear Carol,

On behalf of everyone at the Bowers, we want to thank you and the entire Kofu Kai Bonsai Club for another amazing display! We always think they look stunning, but the trees were especially beautiful this year. We hope that this collaboration and experience would have made Manny proud. He will not soon fade from our thoughts!

Looking forward to future collaborations with Kofu Kai Bonsai Club!

Best regards,
Miranda
